

MINHAJ ISLAMIC MODEL SCHOOL HAZRO
FIRST TERM EXAMINATION (2026)

Class: 9th Subject: Physics Total Marks: 50

Roll No: _____ Student Name: _____ Time Allowed: 2 Hours

SECTION A: OBJECTIVE TYPE (10 Marks)

Q1. Choose the correct option for each question:

(i) The number of base units in SI are:

[A] 3 [B] 6 [C] 7 [D] 9

(ii) Identify the base quantity among the following:

[A] Speed [B] Area [C] Force [D] Distance (Length)

(iii) A light year is a unit of:

[A] Light [B] Time [C] Distance [D] Speed

(iv) Length of football field measured in:

[A] km [B] meters [C] cm [D] mm

(v) Amount of a substance in terms of numbers is measured in:

[A] Gram [B] Kg [C] Mole [D] Newton

(vi) The motion of a body around an axis is called:

[A] circular motion [B] rotatory motion [C] vibratory motion [D] random motion

(vii) Which of the following is a vector quantity?

[A] speed [B] distance [C] displacement [D] power

(viii) If a body does not change its position with respect to some fixed point, then it will be in a state of:

[A] rest [B] motion [C] uniform motion [D] variable motion

(ix) The shortest distance between two points is called:

[A] Speed [B] Distance [C] Displacement [D] Acceleration

(x) Rate of change of velocity is known as:

[A] Distance [B] Speed [C] Displacement [D] Acceleration

SECTION B: SHORT ANSWER QUESTIONS (10 × 3 = 30 Marks)

Q2 What is the difference between base quantities and derived quantities?

Q3 Estimate your age in seconds

Q4. What do you understand by the zero error of a measuring instrument?

Q5. What is meant by significant figures of a measurement?

Q6 Differentiate between Precision and Accuracy with example

Q7. What are prefixes? Give two examples.

Q8. What is scientific notation? Write 0.000054g in scientific notation.

Q9. Give 3 examples each for scalar and vector quantities.

Q10. State head-to-tail rule for addition of vectors.

Q11. Differentiate between distance and displacement.

SECTION C: DESCRIPTIVE / LONG QUESTIONS ($2 \times 5 = 10$ Marks)

Q12. Define physical quantities. Explain base quantities and derived quantities in detail with examples.

Q13. Define rest and motion. Explain the three main types of motion in detail with examples.

GOOD LUCK😊.
